

News Story – International Smile Day

Today was all about smiles! The children learned why smiling is so important and how it brings happiness, helping us feel closer to one another.

We also talked about how smiling is a beautiful practice from the Sunnah of the Prophet Muhammad (PBUH).

To encourage more smiles, we created a special 'Smile Frame.' The children came together to design their own frames, decorating them with beautiful flowers, butterflies, and their choice of colours.

To inspire them further, we read the book 'Augustus and His Smile', which added to the fun.

After finishing their frames, the children gathered for a photo, proudly displaying their creations.

It was a joyful and exciting way to explore the Sunnah.
