

News Story - National Pumpkin Day

This week, children have enjoyed exploring pumpkins.

Children enjoyed talking about the pumpkin and feeling its texture on the outside. For some children they had never seen or heard of a pumpkin before. Children were fascinated at how big it was and were intrigued by what could be inside!

They enjoyed using collage materials, glue, scissors, tissue paper to decorate and create their own pictures of pumpkins.

Later in the week children observed Apa cut the pumpkin open and enjoyed having a feel of the texture inside and then scooping the seeds and placing them in a bowl to make a shaker.

"It's got spider inside!"

"It's orange".
