

News Story - Teddy Bear Day

This week the children have been enjoying taking part in the teddy bear picnic. Children were encouraged to bring in their own teddy, if they wished. Children took great interest in role playing in the home corner with picnic baskets and serving delicious food and snacks to each other.

During snack time we decided to continue the theme and have our snack on the rug. Children sat down in a circle as a big group with their friends and shared some lovely snacks.

Around the room we had various activities set up for children to explore such as 'can you make a healthy choice?'. Children enjoyed taking part, sharing their understanding and personal experiences with the group and developing their fine motor skills too.

Overall, the children enjoyed this wonderful theme as it also helped them settle back into nursery routine after the Summer break.
