

News Story – Ramadhan Sponsored Walk

Throughout the month of Ramadhan, our Nursery has focused on raising money for our selected charity, The Eden Foundation. The children contributed enthusiastically to the fundraising efforts, demonstrating great initiative and commitment.

As part of the fundraising, we organised a sponsored walk for the children. They thoroughly enjoyed this special event, taking a stroll around the nursery with their friends. During the walk, the children engaged in various activities, such as counting the trees, cars, flowers, and animals including dogs and birds they encountered along the way.

The children found delight in observing the roses, counting, and identifying their colours. They also enjoyed noticing the different hues present in their surroundings, such as the vibrant red of the roses and the subtle grey of the pigeons.
